

## Prickle Island Zoo is officially open!!!

***They're both used to temporary. Have they unexpectedly found forever?***

*Lark Lachlan has her life under control. Although she enjoys the occasional summer fling with women, the devoted-to-her-career, bisexual zookeeper has no trouble keeping her heart in its cage. So she's a little surprised to feel an instant, all-consuming attraction to the handsome new volunteer, Logan.*

*The last thing Logan Anderson needs is another failed romance. Looking for a final adventure before heading home to take over the family business, the outgoing New Zealander is intrigued by the hottie . . . with her hand down a monkey sewage pipe. But he runs up against her no-sleeping-with-volunteers rule, even when she drunkenly locks lips with him in a red-hot kiss.*

*Lark is tempted to let passion run free with the fun-seeking Kiwi, but animal antics and a dwindling timeline threaten to keep them strictly platonic...*

*Will Lark and Logan let nature take its naughty course?*

*She's A Keeper is the laugh-out-loud first book in the Prickle Island Zoo romantic comedy series. If you like relatable characters, light-hearted humor, and steamy romance, then you'll adore Ali K. Mulford's feel-good tale.*
