Check out the blurb below:

A secret song. A hidden fortress. A world on the brink of war.

After the long, despotic reign under the evil sorceress, Sawyn, life in the Golden Court is finally rebuilding. New leadership means new beginnings, and Sadie Rauxtide—now a royal guard—has been grappling with how she'll fit into her new home. But when a rival Wolf

king, Nero, kidnaps the Queen's friend and mentor Ora, any hopes for peace are lost.

The Golden Court springs into action, and Sadie is tasked with an important mission: travel with Navin and Maez to try to win new allies and uncover Nero's hidden secrets. Yet Navin has secrets of his own, and Sadie is tasked with uncovering them while battling her growing attraction to the man who betrayed her. She has a mission, but the heart wants what it wants. And fate? Fate has its own magic, and it's one more thing out of her control.

Meanwhile, Queen Calla is forced to seek help from the Ice Wolf pack in order to stop Nero's prejudicial rule. However, the Queen of Taigos makes Calla's objectives impossible with their capricious relationship standing in the way—completely unwilling to commit in helping Calla rescue Ora and repeatedly dismissing Calla's new gender identity. With no true allyship from Taigos Court, Calla battles between diplomacy and being their true self as they realize coming out is only the beginning of their journey of self-discovery.

Tensions rise on both fronts as Sadie and Calla struggle to gain support for the brewing war and realize that the world of Aotreas is more than it seems. Full of high-stakes adventures, self-discovery, and love in all forms, *A Sky of Emerald Stars* follows the beginning of a revolution and the relentless fight for peace.
