

Neigh-body could have prepared you for this! ;)

Hi Keepers!

Guess what?! ***Hold Your Horses***, the 5th book in the *Prickle Island Zoo* series is available for pre-order now!

What happens in the next zoo adventure? Read on!

When socially anxious, secretly asexual, and thoroughly horse-illiterate Hollis lands a job at Prickle Island Zoo (by pretending to be a cowgirl from Wyoming), she's just hoping for a fresh start . . . and maybe to hide away

from the world with a Jane Austen novel and meerkat in tow.

What Hollis doesn't expect is to fall head over heels—*literally*—for the charming non-binary zookeeper, Heron.

Heron Lachlan knows that living at their family zoo on a tiny island and being ace means the dating pool is zero. Heron accepts that their longest running relationship will probably be with a literal goose . . . until Hollis trots in wearing a thrifted cowboy hat and lying through her teeth.

As zoo hijinks, escaped ostriches, and a meddlesome family of zookeepers bring them closer, Hollis and Heron must face their fears, their secret hopes, and their wildly incompatible knowledge of equine fun facts.

Hold Your Horses is scheduled for January 2026 (but may be possibly coming earlier, shh!)
